B. Safety & Security

1. CFA Institute Concern for Public Safety

We know how important safety is to our Participants. We share this interest in providing a respectful and safe environment conducive to discussion and networking. When CFA Institute hosts an in-person or hybrid event where attendees will be physically present at an event, the following provisions apply.

CFA Institute partners with trained security and safety providers for its in-person events. CFA Institute selects conference sites deemed reasonably safe for all Participants after assessing: i) physical security at the event venue; ii) transport to and from the venue; iii) political and security environments of the event city; iv) the event facility and personnel; v) and the emergency response and evacuation procedures offered by the venue and local authorities. All these items are reviewed and continuously evaluated and monitored prior to and during any conference. However, circumstances can change rapidly and without warning at any time.

Although CFA Institute makes every effort to address security at our events, we do not guarantee physical security at our events. Attendees attend our events at their own risk. A CFA Institute Incident Coordinator will be onsite at all times to ensure close coordination between our intelligence sources and onsite venue security to maintain smooth and efficient communications in accordance with our safety procedures.

2. In Case of Emergency:

If you or someone you are with is experiencing a life-threatening situation, contact local emergency services (i.e. 911, 999, 112). For other emergencies and incidents, please approach a member of venue staff, who are easily identifiable by their uniforms. Additionally, CFA Institute Conference & Event Staff will be happy to help participants contact venue security or local law enforcement, provide escorts, or otherwise assist. Providing for your safety and comfort is our priority.

3. Tips for Staying Safe:
• In the event of an emergency, follow the instructions of all security and emergency personnel as well as secondary information sent from CFA Institute via email or SMS.
• Wear your name badge to all events;
• Inform a member of venue security and staff should you see anything suspicious.
• Know your closest emergency exit when you are in a meeting room or event venue
