2023 ESG Errata
15 June 2023

If you find something in the curriculum that you think is in error, please submit full details via the form at http://cfa.is/Errata.

• Corrections below are in bold, and new corrections will be shown in red; page numbers shown are for the print volumes.
• The short scale method of numeration is used in CFA Institute curricula. A billion is $10^9$ and a trillion is $10^{12}$. This is in contrast to the long scale method where a billion is 1 million squared and a trillion is 1 million cubed. The short scale method of numeration is the prevalent method internationally and in the finance industry.

Chapter 2
• The answer to Question 12 (page 113 of print) should be C.

Chapter 3
• Question 11 (page 221 of print) has two correct answers. Both C (Developing clean cooling systems) and D (Protecting coastlines from erosion) are correct.
